# BAINTECH PowerTop 12V 100Ah

Great for

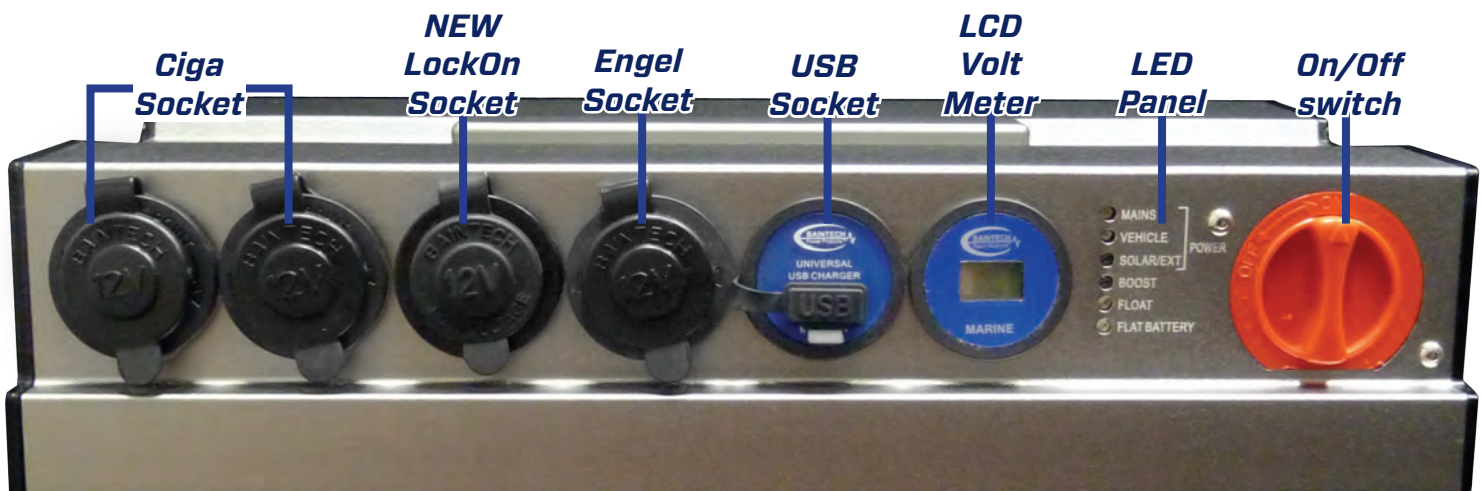

Ready to go right off the shelf, the Baintech PowerTop plug-and-play system features a 12V 100Ah gel battery, a built battery charger and a range of different sockets - giving you the ability to connect to your power anywhere any time.

## Features

- **Quality** - 12V 100Ah Gel Battery
- **Easy** - Off the shelf ready to use, all in one system
- **Innovative** - Features the NEW Baintech LockOn Socket
- **Convenient** - Volt Meter with low volt alarm warning
- **Versatile** - 3 charging inputs: AC, DC and Solar
- **Safe** - thermal resettable breaker
- **Reliable** - 1 Year Warranty

The **Baintech LockOn Socket** is a revolutionary design which ensures your gear stays connected on the roughest trips. Simply turn the plug clockwise and the locking mechanism engages, ensuring all your essential gear can stay connected, even on the roughest treks.

For more information on how you can LockOn to Power visit [baintech.com.au/lockon](http://baintech.com.au/lockon)
