Product Information

Upgrade your off-road vehicle with XGS Rugged Monotube Struts & Shocks and experience a transformation in ride handling, load carrying, and towing capabilities. These monotube shock absorbers are designed to withstand the toughest terrain and provide a smooth and controlled ride. With a monotube designed shock and a 52mm piston bore the larger oil capacity enhances performance. The nitrogen-charged design allows for precise damping and the multi-stage velocity-controlled valving automatically adjusts to the terrain to deliver all-around performance. The trimmable ride height allows you to fine-tune your suspension setup for the perfect balance of performance and comfort. Upgrade to XGS Rugged Shocks and take the lead.

52MM PISTON BORE

A larger bore diameter means even more oil which vastly improves damping potential and shock durability.

HIGH GRADE DAMPING OIL

Prevents the oil from foaming and extends shock life.

18MM PISTON ROD

Hard chrome plated and heat treated for exceptional strength and reliability.

MONO TUBE DESIGN

Allows for larger oil capacity and a larger piston, improving damping control and heat dissipation.

3MM TUBE WALL THICKNESS

Protects the shock from internal damage caused by flying debris.

MULTI-STAGE VELOCITY CONTROLLED VALVING

Automatically adjusts to terrain to deliver all-round performance.

HIGH DURABILITY RUBBER BUSHES

Ensures enhanced flexibility, noise reduction and shock lifespan.

30-75MM LIFT - MODEL DEPENDENT

Provides increased ground clearance and control and improved shock travel.

VEHICLE	Description	Part Number	Qty Req
Ford Ranger PX3	XGS Rugged Front Strut	659MTB121W	2
	XGS Rugged Rear Shock	650MTB246Z	2
Isuzu D-Max 2020+	XGS Rugged Front Strut	659MTB134G	2
	XGS Rugged Rear Shock	650MTB234G	2
Mazda BT-50 2020+	XGS Rugged Front Strut	659MTB134G	2
	XGS Rugged Rear Shock	650MTB234G	2
Mitsubishi Triton MQ/MR	XGS Rugged Front Strut	659MTB150Q	2
	XGS Rugged Rear Shock	650MTB250Q	2
Toyota Hilux 8th Gen	XGS Rugged Front Strut	659MTB187D	2
	XGS Rugged Rear Shock	650MTB287D	2
Toyota Landcruiser 79 Series Dual Cab	XGS Rugged Front Shock	650MTB169G	2
Toyota Landcruiser 79 Series Single Cab	XGS Rugged Front Shock	650MTB169K	2
Toyota Landcruiser 79 Series Single & Dual Cab	XGS Rugged Rear Shock	650MTB269G	2
Toyota Landcruiser 300 Series	XGS Rugged Front Strut	659MTB182D	2
	XGS Rugged Rear Shock	650MTB282D	2
